STEVEN J. BURTON, National Chairman

MEMORANDUM

TO: Harold Weisberg
FROM: Steven J. Burton
SUBJECT: Ed Butler's contacts with the "Kennedy Assassination Truth Committee"

At the second meeting of the Kennedy Assassination Truth Committee, Ed Butler showed up. He was quiet most of the time.

At one point, he spoke up, talking as if he was with the group. This meeting was very unruly and he added to it. He did not identify himself, although one person in the group recognized him.

At the next meeting, Butler again showed up. He said nothing but signed up to be a member of the executive committee.

This is basically all I know concerning Butler's contacts with this group.
